Owner's Name: _____ Drivers License Number: _____

Note: A photocopy of this form will be sent to the Santa Clara County Council office and will be referenced in subsequent Tour Permits which the pack must file prior to each special event or camping/hiking trip that involves car travel. This information must be provided even if you only have family members in your car. If you drive a car that isn't listed with the council, then our insurance will not provide coverage for that event!

If you choose not to provide this information, then you must not drive, even your own family, to pack 318 special events and camping/hiking trips. Aren't insurance companies a pain?
